GIVEN THEIR FREEDOM

Greene and Gaynor, the American Contractors, Win Their Cases.

JUDGE CARON POINTS OUT DEFECTS.

Absence of Dates in the Warrants and Other Discrepancies Are Basis of the Canadian Court's Adverse Action.

Quebec, Aug. 14.—Judge Caron of the superior court released Captain Greene and Colonel Gaynor, the American contractors, who are wanted in the United States for alleged frauds against the federal government involving hundreds of thousands of dollars. Judge Caron based his decision in the case on the absence of dates in the warrants upon which the prisoners were first arrested in Quebec; discrepancies in the charges on which true bills were obtained against the prisoners in the United States and discrepancies between those charges and the charges made in the application for extradition.

The prisoners were at once released and received the congratulations of their friends and the court adjourned.

Mr. McMaster, counsel for the United States government, was asked whether the prosecution intended to take any further action looking to the extradition of Colonel Gaynor and Captain Greene. Mr. McMaster replied that he was unable to speak positively on the subject until after a conference with Messrs. Irwin and Stewart.

There was a large attendance of both legal luminaries and spectators. Mrs. Gaynor accompanied by a number of ladies, was present during the delivery of the judgment. Gaynor and Greene came into court with Sheriff Langelier.

Judge Caron began the reading of the very lengthy notes, preceding his judgment. The judge referred to the case as of great importance, if only by reason of the unusual proceedings employed and went on to say that he would review his last two writs. He then read the petitions of the prisoners for writs of habeas corpus upon which the writ was issued in virtue of which the prisoners were taken out of the hands of Jailer Valee of Montreal, as well as the answer thereto and the writ itself. The events immediately preceding the issue of writs he also reviewed and went on to concur in Judge Andrews' opinion with regard to the sensational manner in which the prisoners' arrest was made here.

With regard to the attacks made upon himself, he was sure that the American government authorities and their agents could have had no hand in them. The notice to the American government's lawyers to Jailer Valee to attend to delivery of Judge Andrews' judgment was then quoted and Valee's compliance therein noted. The judgment ipso facto dispossesses Judge Andrews of the prisoners and under the circumstances he (Judge Caron) was quite justified in his subsequent issue of writs of habeas corpus addressed to Jailer Valee after he had taken possession of the prisoners following Judge Andrews' pronouncement.

His honor pressed the opinion that Judge Andrews' judgment quashing his own writ of habeas corpus did not decide the merits of the case and notwithstanding the pretensions of lawyers for the prosecution to the contrary, his writ in no way conflicted with Judge Andrews' judgment, for a prisoner may always renew his application providing that some new facts are stated, as had been done in the present case. One of these referred to the absence in the warrants of the dates at which the offense alleged to have been committed and the other an objection to the validity of the charge of conspiracy to defraud under the extradition treaty.

This, as well as the absence of dates in the warrants he held, to be distinctly fatal to the latter and he therefore upheld the prisoners' claims and their objections to the warrants, maintained the writ of habeas corpus and ordered the release of the prisoners.

Lancaster's Version.

Cumberland, Md., Aug. 14.—Henry Lancaster, the negro in jail at Parsons, W. Va., in connection with the murder of Chief of Police F. H. Wilmoth at Womelsdorf, W. Va., now says that Clements and Carroll, the two negroes lynched, were the wrong men, and that the murderer was James Black. The two men lynched were in a house at the time, away from the scene of the crime. Lancaster was being placed under arrest by Wilmoth when the latter was shot from ambush.

TO RELIEVE DISTRESS.

Hospitals at Plants of American Steel and Wire Company.

Philadelphia, Aug. 14.—It is stated here that a hospital for the treatment of emergency cases will be established on the grounds of each of the 22 plants of the American Steel and Wire company. The plans for the buildings, which will be as nearly uniform as conditions will permit, are being prepared by a Philadelphia architect, and the total cost to the company of buildings and equipment will not fall short of \$300,000. The determination of the company to establish a hospital at each one of its plants was arrived at after a year's experience with a temporary emergency hospital, erected for the company in Allentown, Pa. Little was said of the new movement at the time the Allentown hospital was put into service, and few persons outside of the officials were aware of the company's intentions. It did not require a full year to prove the value of such an institution, either in point of bodily comfort to the unfortunate iron workers who were forced to enter it for treatment, or in point of ultimate expense to the corporation.

Harvester Combine Explained.

New York, Aug. 14.—The incorporators of the International Harvesters company, articles of incorporation for which were filed in Jersey City, made public a statement which says in part: "The International Harvester company has been organized under the laws of New Jersey with a capital stock of \$120,000,000 to manufacture and sell harvesting machinery. It has purchased the property and business of the following manufacturers: The McCormick Harvesting company, Deering Harvester company, Plano Manufacturing company, Warder, Bushnell and Gleason (Champion), Milwaukee Harvesting company. The company is capitalized upon an exceptionally conservative basis. Of its assets \$80,000,000 are in cash working capital. The company will require no financing and there will be no offer of the stock to the public, all the cash required having been provided by its stockholders."

Will Probably Join.

Akron, O., Aug. 14.—Hon. George W. Crouse, president of the Autman-Miller company, makers of the Buckeye mower and reaper, said in regard to the combine of harvester manufacturers: "I cannot say positively that the Akron company will join the combination, but I think there is no doubt that we will enter it. I know very little about the matter at present further than the fact that the combination has been incorporated. It will probably include all of the larger concerns interested in the manufacture of harvesting machinery and farming implements in the country."

A Heap of Misfortune.

St. Paul, Aug. 14.—Mrs. Vincent Markel died after four hours of the most terrible agony, as the result of an accident. Rising at an early hour to heat some milk for her six-weeks' old baby, she in some way tipped over an alcohol lamp igniting a gallon can filled with alcohol, which exploded with terrific force. The woman was so badly burned that she died. Her husband died at the city hospital less than two months ago and her baby was born since his death. Three children, all under five years of age, are left orphans by her death.

Fraud Alleged.

Newark, N. J., Aug. 14.—Counsel for William O. Bullitt, Jr., of Philadelphia, asked for an order before Judge Kirkpatrick here to direct the receivers of the National Asphalt company of America to make a legal investigation into its formation and the liabilities of its stockholders and promoters. The publication of false statements in the annual report and fraud are alleged. The court declined to sign an order until all parties to the case shall have been notified. A hearing was set for Aug. 25.

Mortgage Filed.

New Orleans, Aug. 14.—A mortgage in favor of the Farmers Loan and Trust company of New York for \$8,000,000 was filed in the office of the recorder of mortgages by the Northeastern railroad, which is the New Orleans end of the Queen and Crescent Cincinnati-New Orleans route.

Postoffice Looted.

Marietta, O., Aug. 14.—The postoffice at Williamstown, W. Va., opposite Marietta, was entered by two men and a boy. The safe was blown open and \$300 in money and a registered letter taken. No capture.

McMillan Funeral Car.

Manchester, Mass., Aug. 14.—The body of the late Senator James McMillan of Michigan was taken to Boston. The funeral car was attached to the train due to leave that city at 2 p. m. for Michigan.

OUTPOST SURPRISED.

Members of the Twenty-Seventh Infantry at Camp Vicars Killed.

MOROS SNEAK UPON SENTINELS.

Although the Entire Outpost Rushed to the Aid of Their Comrades, the Attacking Party Had Escaped.

Manilla, Aug. 14.—A small party of Moros surprised an outpost of the Twenty-seventh Infantry at Camp Vicars. Sergeant Foley and Private Carey were killed and Private Van Dorn was severely wounded. The Moros, who numbered only a dozen, were armed with spears and swords.

The morning was dark and foggy. The attacking party crawled to within a few feet of the sentinels and then sprang upon them suddenly. The entire outpost rushed to the relief of the sentinels, but they were too late and the Moros escaped, although possibly a few of them were wounded. The American sentinels were terribly cut by the swords and spears.

The attacking Moros were all from Bacolod, and the occurrence probably will result in a move against that town, which has a strong fort and other defenses.

Constabulary Inspector William Schermhorn, whose home was in Seattle, Wash., was mortally wounded in a recent fight with Ladrones at Iligan, Mindanao.

INFLAMMABLE FLUIDS.

Sheridan Catastrophe May Be Repeated at Sharpsburg.

Pittsburg, Aug. 14.—Sharpsburg, a suburb of Allegheny, is excited over the wreck of a Western Pennsylvania freight train of 30 cars, loaded with benzine, gasoline, kerosene and lubricating oil and fears are entertained of another catastrophe such as was visited to Sheridan, Pa., a few months ago, when 200 or more people were killed and injured by an explosion following a similar wreck. Where the wreck occurred, a tank car, containing 5,000 gallons of benzine, broke and the fluid ran out, forming in pools along the tracks. There are over 150,000 gallons of inflammable material on the train and the trainmen are keeping people away from the wreck. Should a spark fall from a passing engine and ignited the benzine, the results would be terrible, and the engineers have been warned to be careful while passing the scene of the accident. No one was hurt in the wreck.

En Route to Hawaii.

San Francisco, Aug. 14.—Senator J. R. Burton of Kansas, chairman of the sub-committee of the senate that has been instructed to visit Hawaii and inquire into ex-queen Liliuokalani's claims to the crown lands, has arrived and expects to sail for Honolulu on the next steamer. Senator Burton expects to spend four or five weeks in Hawaii in company with Senator Mitchell of Oregon and Senator Foster of Washington. They will make a thorough investigation of affairs and conditions in the islands and among other things, will inquire into the crown land question.

Cardinal Ledochowski's Will.

Rome, Aug. 14.—Cardinal Ledochowski's will has been opened and it is announced he appoints as sole legatee his nephew, Count Ledochowski, a retired officer of the Austrian army, who resigned his commission as a protest against the practice of duelling in the army. A painting of great value is left to the pope and the secretary of the former prefect of the propaganda inherits the Cardinal's silver service and a life annuity. The fortune left by the defunct prelate is estimated at \$200,000.

Death From Suicide.

New York, Aug. 14.—As a result of the autopsy made on the body of Gilbert Taillander, the steward of the steam yacht Anita, which had been shipped here from Marblehead, Mass., and concerning whose death there appeared to be some mystery, the coroner believes the man committed suicide. The coroner found that the man died from the wound of a bullet which passed through the tongue and lodged in the base of the brain.

Colonel S. K. Donavin, veteran journalist and politician, died at Columbus, O.

Governor Nash has issued his labor day proclamation, making Monday, Sept. 1, a holiday.

Governor Nash will not attend the meeting of the Republican members of the Ohio legislature at Cedar Point. Harry Ball, discharged employee of the insane asylum at Kanakakee, Ill., has sued the trustees for \$50,000 damages for false arrest.

TUG WRECKED.

Explosion of a Boiler on a Boat Near Staten Island.

New York, Aug. 11.—The boiler of the tug Jacob Kupper blew up near St. Georges, Staten Island. Four of the crew were killed or drowned. Two men were picked up alive by the Staten Island ferryboat Castleton and brought to this city.

The tug sank almost immediately and later a quantity of wreckage and clothing and the name board came ashore with the ebb tide along Staten Island. The owners of the tug are G. D. Kupper and Brothers.

The tug was towing a lighter loaded with cotton from Brooklyn to Staten Island. The Staten Island ferryboat Castleton was near the scene of the explosion when it occurred. Captain Braisted of the ferryboat says the explosion and the sinking of the tug were almost simultaneous. The tug seemed to break in two amidships. The Castleton was at once stopped and boats were lowered. Only one man was picked up by the Castleton. His face was horribly burned and scalded. The other rescued man was picked up by a passing tug boat. One of them, a deckhand named Hanson, was taken to Smith Infirmary and the other to the Marine hospital on Staten Island.

Statement of Trouble.

Tromsø, Norway, Aug. 14.—Evelyn B. Baldwin and several members of the crew of the America have made statement before a notary public regarding the dispute between Mr. Baldwin and Captain Johannsen of the America. According to Mr. Baldwin's statement, Captain Johannsen refused to obey the orders of the ice-pilot and that necessitated his removal from the command. Baldwin also says that Captain Johannsen left the vessel at Honningsvaag without Baldwin's consent or knowledge. The relations between Baldwin and the ice-pilot were always of the best, the statement asserts, and it is added that while the death of half of the dogs, from worms, hindered the party from reaching as far north as intended, Baldwin is confident that within 12 months the America will reach the intended latitude, en route to the north pole. The consulate at Christiania to which Captain Johannsen complained has referred him to the consulate at Bergen.

Death of Dr. Holbert.

New York Aug. 14.—Dr. Martin Luther Holbrook is dead at his residence here, aged 72. He was a native of Mantua, Portage county, O. After receiving his diploma as a physician, he, in 1861-63, associated himself with Dr. Dio Lewis in Boston in his propaganda of physical culture and hygiene and the introduction of the Lewis system into the schools of various cities. In 1864 Dr. Holbrook came to New York city and became a member of the firm of Miller, Wood & Holbrook, publishers of medical books and "The Herald of Health," of which paper Dr. Holbrook remained editor until 1898. During the civil war he had much to do with army sanitation.

Competing For Prizes.

Salt Lake, Utah, Aug. 14.—The features of the annual Elk's reunion, were the parade of uniformed bodies of Elks in competitive prize drill and the selection of the place for the next annual reunion. For the competitive drills \$1,750 in prizes has been offered, the determining points being general appearance and bearing, beauty and originality of costumes, and number in line. Special prizes also were offered for the best marching bands, and the result was a parade that for beauty and originality in the uniforms displayed, the numbers in line and the military precision with which they executed the drills has seldom been equalled by parades of its kind.

Bartholin Murder Mystery.

Chicago, Aug. 14.—Mystery surrounding the Bartholin murder case baffles the Chicago police. The feeling grew stronger that the body of the young woman found last Thursday 1, the field at Seventy-fourth and State streets and buried as Minnie Mitchell was not that of the young woman. Coroner Traeger was asked to exhume the body, but inasmuch as the family of the girl did not join in the request, he declined to disinter it. He said the body was so decomposed that such action would be of little avail in settling doubts as to identity. Working on this theory the police have sent out tracers to find William J. Bartholin and his fiancée together alive.

Denver, Aug. 14.—Milton L. R. Edwards, who is wanted in Chicago in connection with the Bartholin-Mitchell mystery, will return to that city as soon as the transportation is furnished him, or at least he agreed to do so when notified by Chief of Police Armstrong of this city that he had received a telegram from Chief of Police O'Neil of Chicago, inquiring whether Edwards was willing to return.

WARSHIP ON THE SPOT

American Cruiser Sails to Protect Interests at Barcelona.

POSSIBILITY OF CASTRO FLEEING.

The State Department Has Not Seriously Considered the Subject of Furnishing the President an Asylum.

Washington, Aug. 14.—Over night the navy department received word that the Cincinnati had sailed from Puerto Cabello for Barcelona under the instructions to Commander McLean directing either the Cincinnati or Topeka to proceed immediately to that point. Commander McLean, who is the senior officer present, evidently decided to go himself and leave the Topeka to protect American interests at Puerto Cabello. It is probable that the Cincinnati already has arrived at Barcelona, but that fact may not be known officially here for several days, as Minister Bowen cabled the state department from Caracas that the cable from Caracas to Barcelona again had been cut by the revolutionists. On Monday he reported that this cable had been cut, but presumably it had been repaired in the interim and his last dispatch indicates that the connection again has been lost.

Neither the state nor the navy department has received confirmation of the press dispatches from Port of Spain, which were conveyed there from Barcelona by boat, of the extent of the fighting at Barcelona and of the report that the American, Italian and Dutch consulates had been pillaged. The officials of the navy department are confident that commander McLean with the Cincinnati will be able to take care of American interests there. Owing to the general disturbed condition of affairs all along the line of the Venezuelan coast and the appeals of Minister Bowen for warships, the question whether our naval force in those waters is sufficient to take care of existing situation and to meet future contingencies has been canvassed. For the present it has been decided that it is unnecessary to send an additional vessel. We now have three ships at the three critical points, the Cincinnati at Barcelona, the Topeka at Puerto Cabello, where the Germans already have landed a force, and the Marietta at the mouth of the Orinoco, which was declared blockaded by the Castro government.

The reason of affording an asylum to President Castro aboard an American warship in case he should be obliged to flee from the country and should have no other means of escape has not been seriously considered by the state department as it is not believed that his condition at present is desperate enough to make such a move imperative. Besides, it is reported through the press dispatches that he has a vessel at La Guaira upon which he can embark for France if the necessity should arise.

Official Report.

Washington, Aug. 14.—The war department is advised by cable from General Chaffee that on Aug. 12 10 or 12 Moros attacked an outpost of Co. G, Twenty-seventh Infantry at Camp Vicars, killing Henry C. Carey and James Foley and wounding two other enlisted men.

With Knights of Pythias.

San Francisco, Aug. 14.—It was another busy day for the Knights of Pythias. At 9 a. m. the Pythian Sisterhood held its second session at Elk's hall. There was a review of the uniform rank and competitive drills in the pavilion at 9:30 a. m., and at the same hour the supreme lodge convened at the Palace hotel. The imperial palace of the Knights of Khorassan held a session at Pythian Castle at 10 a. m., and the supreme temple of the Rathbone Sisters assembled at Native Son's hall. The chief event of the day was the grand parade which moved at 3 p. m. and traversed the principal streets of the city. Twenty-five brigades of the uniform rank and thousands of other Knights were in line.

Berlin, Aug. 14.—A Russian student named Kalajeff, who was recently released from a Silesian prison has been surrendered to the Russian police, it being suspected that he was an accomplice in the murder of M. Siplaguine, the Russian minister of the interior, who was shot and killed on April 15 last.

"The gentleman from New York (Mr. Payne) declares that the declarations of the Republican platform do not mean anything."—Francis W. Cushman (Rep.) in the House of Representatives, April 17th, 1902.

The Democrats always said as much, but never before had it on such high Republican authority as the Hon. Seneca Payne, Republican leader, &c.

The mother of General Jacob Smith is a resident of the town of Portsmouth, just across the river. She naturally protests against the administrative decision which drives General Smith from the army. It was doubtless an extreme situation which impelled General Smith to suggest that no child under ten should be spared in the province of Samar. And yet time was when the greed of Eastern capitalists (the philanthropists who are now arraigning General Smith) drove children of all ages into factories which were literally slaughter pens in the piping times of peace.

"WHERE ARE THEY AT?"

The New York Press and our contemporary, the Public Ledger, judging by their expressions, do not agree with their Iowa brethren, the Chicago Tribune and other Republicans on the tariff question. The Press argues that the tariff has nothing to do with the trusts. The Tribune says there is no doubt that it does, and the Iowa Republicans, who were supposed to speak for the administration, declared:

"We favor such modification of the tariff schedules as may prevent their affording any shelter to monopoly."

A REPUBLICAN CONFESSION.

What a revolution of sentiment the Republicans have undergone in the past few days—since the Iowa convention! Who is so forgetful as not to remember with what absolute denials the Republicans have met the Democratic contention that the tariff fosters trusts? Among them was that straight-out dyed-in-the-wool Republican newspaper, the Chicago Tribune. But now see how it talks:

"It is a notorious fact that some of the tariff schedules do afford shelter to monopoly. That is, they permit certain trusts or combines to exact from domestic consumers unreasonably high prices for their products—prices higher than could be exacted if the tariff afforded no more protection than is necessary to enable the American producers to compete on even terms with their foreign rivals."

In this the Tribune simply admits what the Democrats have asserted for years. The Tribune's party knew this all during the last Congress, but it did nothing to right the infamous wrong. Now that an election is approaching, they are loud with promises.

HON. J. N. KEHOE.

In a letter written for the American Press Association from Washington City Hon. Champ Clark, one of the strongest and most observant members of the lower House of Congress, and a Democrat of national reputation, used the following complimentary language with reference to the gifted young Democrat who redeemed and now represents this district in Congress:

The Hon. James N. Kehoe, of the Ninth Kentucky district, has been unanimously renominated, an honor worthily bestowed. Kehoe is one of the brightest young men in the House, an indefatigable worker, a most excellent public speaker and a Democrat without guile. Kehoe redeemed the district in 1900, which for several terms had been misrepresented by a Republican. In fact the Republicans have elected more Representatives from this district since the war than the Democrats. Kehoe carried it by the skin of his teeth in 1900. He ought to be re-elected by a large majority, for a more faithful Representative never sat in the House in Washington. He looks after the interests of his constituents.—Democrats and Republicans too. He attends faithfully to his duties in the House itself and looks after the wants of his constituents in the departments.

Democrats and Republicans alike bear witness to the faithfulness of Mr. Kehoe as the Representative of the whole people, and reports from all parts of the district indicate that he will be invincible in November, regardless of whom the Republicans nominate.

Hemmed SHEETS!

The muslin manufacturers did a great thing when they installed machinery to make and hem sheets. They lessened the burdens of many an overworked housewife and increased the dollars of frugal women. Here are ready made sheets and no more to pay than muslin by the yard would cost. Sheets of bleached Pepperil—all the world knows the magic of that brand and its value—seamless, 81 by 90 inches, narrow lower hem, 3 inch upper one. Our regular 69c. Sheet now 50c.

D. HUNT & SON

IT IS DEMOCRATIC.

This Appellate District Gave Bryan 3,500 Majority and Goebel Nearly 5,000, Judge Paynter Confident.

[Cincinnati Enquirer, Aug. 13th.]

Hon. Thomas H. Paynter, of Greenup, Judge of the Court of Appeals for the Sixth district, who was recently renominated by the Democrats without opposition, is at the Grand. He was elected six years ago without opposition from the Republicans, who, however, propose putting up a candidate this time, probably Mr. Wright, of Newport, at the convention to be held in Maysville.

"I am surprised," said Judge Paynter, "to see some publications, even from Democrats, that my district is a close one, when just the contrary is true. Bryan carried it by 3,500, and Goebel for Governor by nearly 5,000. The district is composed of the following counties: Greenup, Carter, Rowan, Lewis, Fleming, Mason, Nicholas, Robertson, Harrison and Bracken in the Ninth Congressional district, and Campbell, Kenton, Boone, Grant and Pendleton in the Sixth Congressional district. Ten of these fifteen counties are safely Democratic, mostly by formidable majorities. I feel perfectly satisfied with the situation, and am confident that I will be re-elected by from 4,000 to 5,000 majority."

Mr. and Mrs. John Taylor have as neighbor and friend at Murfreesboro, Tenn., Mr. Carter H. Harrison, a younger brother of the late President Benjamin Harrison, who is a farmer, and who married a Tennessee lady at the close of the war. Hugh and Noah Dickinson, charged with the murder of Roe and Jack Dyer in Lewis County, were held to await the action of the grand jury without bail. The decision of Judge Lee was a great surprise, as the evidence clearly showed, it is said, that the killing was done in self-defense. James Kiser, who was also implicated in the alleged murder, was discharged, but immediately arrested again for carrying brass knuckles concealed. Public sympathy is very strong in favor of the Dickinsons. Hugh Dickinson was not present at the trial, but was brought in from his home later and lodged in jail. He is still suffering from the shot received at the hands of Jack Dyer, and had to be carried to the jail.

The remains will be brought to Maysville on the 1:36 train this afternoon and taken to the home of Mr. Henry Brown on Walnut street, where the funeral will take place to-morrow morning at 10 o'clock, Rev. F. W. Harrop officiating. Burial in the Maysville Cemetery. Mr. and Mrs. Brightman, only recently lost an older child, and their many friends tender sincere sympathy in this added grief.

Begins Tuesday morning and positively closes Thursday evening. We will make the story short.

We have about 450 of the best of our Stein-Bloch, Adler Bros. and Garson-Meyer Spring Suits left over. In some of the lots the sizes are quite badly broken, but they will fit someone. If you can find your size in any of them you buy the Suit "one-third off" the regular price. Excepting our blacks, there is not a suit in the house reserved. "Suits sold at these prices will not be charged nor sent on approval."

The National Stock Company All Next Week.

Seats will go on sale at Nelson's Saturday morning at 9 o'clock for the National Stock Company which appears at the opera house the week of August 18. This is said to be one of the very best popular price repertoire companies on the road. The following notice of the company from the Bowling Green News speaks very highly of the attraction:

The initial performance of the National Stock Company at the opera house was witnessed by a large audience. All were well pleased and spoke in glowing terms of the show. The bill is interspersed with monologues, song and dance specialties and pictures by the biograph. "A Man of Mystery" will be the opening card here.

Maysville Elks Fair.

The gentlemen's road race to be competed for by horses owned in Mason and adjoining counties, and is carded in the catalogue of the Maysville Elk's Fair to take place Thursday, Aug. 21st, will be run on Wednesday, Aug. 20th.

Now everybody get together and make the Elks fair a hummer—for never before was such an array of attractive features offered at a fair for an admission of 25 cents.

Miss Alice Williams died at 6 o'clock last evening at her home in Lewisburg, of cancer and dropsy of the stomach. She was a daughter of the late Lewis Williams and was forty years of age. Her father, mother and two sisters have died in recent years, and her death leaves but one member of the family surviving—a brother. The funeral will take place Friday at 10 a. m. at the Lewisburg Baptist Church, Rev. Hugh Searcy officiating. Burial at that place.

IT MAY BE PUGH.

Tip That Lewis County Leader Can Have Congressional Nomination if He Wants It.

Wright, of Newport, said to be out of race for Appellate Judge—Dearing Likely the Man.

The Lawrence and Boyd delegates to the Republican Congressional convention to-day were the first to arrive. They came in Wednesday afternoon on the 3:25 train. With these delegations came two of the aspirants for the nomination, Mr. W. H. Castner, of Rush, Boyd County, and Mr. Luther M. Walter, of Louisa. Lawrence is instructed for the latter and Boyd for the former. Hon. B. F. Bennett, of Greenup, also came on the same train, and delegates from Robertson, Harrison and Nicholas arrived during the evening. Judge Sam Holmes, who has the instructions from Nicholas, accompanied the delegation from that county.

This morning's train brought the Carter, Greenup and Lewis delegates from the east and Bracken's and others from the west. With these came Dr. Brady, Greenup's candidate, and Judge Pugh, who is tipped as a probable winner, although he has not been an avowed candidate.

Most of the delegates are quartered at the Central, and the political wire-workers were active last evening. While the impression had gone abroad that Senator Wm. H. Cox of this city would probably be nominated on the first ballot, yet from the best information last evening it can be put down that if he gets the nomination it will come as a gift from Judge Pugh and the latter's friends. "Judge Pugh can get the nomination that quick," said one of his intimate friends last evening, with a snap of his finger. "It's simply a question as to whether he wants it. Some of his closest friends don't want him to make the race."

It is said that Judge Pugh on his arrival this morning announced that he had "come down to win." It may be, however, that after consultation with his friends, he will conclude not to make the race.

Realizing that the nominee has a hard fight ahead of him, there is a disposition in certain quarters to tender the honor to Mr. Cox, and if this is decided on the convention this afternoon will be a tame affair.

As to the Appellate Judgeship fight it was given out last evening that Mr. Wright, of Newport, would not allow his name to be used, and the tip is that the nominee will be Mr. W. G. Dearing, of Fleming. Mr. Leslie Applegate, of Falmouth, another candidate, is on hand, but he is not making much of a fight as he realizes that there is not much hope of the party winning in November.
